

Foreign Policy to Become Big Issue In Political Battles

Taft Scores Demo Plan in Ohio GOP Keynote Address

Columbus, O., Sept. 11—(AP)—Sen. Robert A. Taft told fellow Ohio Republicans today that because the Democratic administration "failed in its foreign policy" this country is "in as much danger from abroad as before the war."

Keynoting the party's state convention, Taft devoted approximately one-fifth of his prepared address to a critical review of international affairs.

Domestically he predicted the election of Republican majorities in both the senate and house this fall and said the GOP will "formulate a program which President Truman can approve or disapprove at his peril."

"In 1949, we intend to put that program into effect," added Taft, twice a favorite son presidential choice of Ohio Republicans and all but openly running for the 1948 nomination.

Taft said there is no reason why both parties should not agree on foreign policy "as long as our policy is governed solely by a primary interest in the freedom of the American people, and peace throughout the world to insure that freedom."

"But," he added, "the only way to insure that result under conditions of today is to elect a Republican congress."

Foreign Policy Issue

Signs accumulated today that foreign policy, subordinated during wartime political campaigns, may become a major issue in this fall's congressional elections.

Secretary of Commerce Wallace has served notice that he, for one, intends to raise it directly when he makes a political speech in New York tomorrow.

To Discuss GOP Moves

He told reporters he will discuss what he referred to as the Republican contribution to peace after the first World War and the one the Republicans might make "after this war—if they get a chance."

Rumblings in the direction of making foreign policy an issue have come from the Republican camp.

Senator Styles Bridges (R-NH) sailed into administration policy toward Yugoslavia after Marshal Tito's airmen shot down an American transport plane, killing five aboard it.

Reece Hits Demos

Carroll Reece, GOP national chairman, in a radio address at Detroit yesterday asserted that Democratic party policies are "dictated by an alien-minded clique."

Missouri Republicans, in convention at Jefferson, adopted a platform hitting at communism as the nation's greatest peril and describing President Truman as leader of an administration which permitted growth of "this ungodly ideological monster."

Missouri Democrats, also convened at Jefferson City yesterday, approved a platform calling Mr. Truman a "distinguished Missourian" who "in the tradition of the late President Roosevelt," is leading the nation from a war economy to a "sound and substantial peace economy."

Candidate-picking for the November tests goes on today with Rhode Island holding their nominating convention.

Leadership Training Move Planned Here

Sensing the great importance and urgent need in nearly every church of more and better trained teachers and leaders, the Leadership Training committee, of the Dixon Council of Christian Education, with Rev. B. B. Cartwright as committee chairman, is planning to help persons qualify to meet the need.

With the aid of the International Council of Religious Education, five two-hour sessions are needed for the essentials of the courses contemplated. These will begin Monday evening October 14, and continue on Monday evenings until November 11. There will be one course on Bible content, required of all, and a choice of two other courses; one on Methods of Instruction, which may be subdivided on age-grade basis, and one on Administration for general superintendents and for department superintendents.

The Council, on Monday evening, voted approval of opening the membership to persons interested, who live in adjacent communities. To aid the committee in getting text-books and other supplies, and instructors for the courses, persons who will undertake to qualify for this important work should report such intention to the pastor of their church, who in turn will please report to the chairman of committee named above.

Negro Prowler in Murder of Nurse; Injures Another

Indianapolis, Sept. 11—(AP)—Miss Albert Green, 20, of Mt. Carmel, Ill., nurse at the Robert W. Long hospital, was slugged fatally and another nurse, Miss Betty Overdeer, 20, of Indianapolis, was injured seriously by a man who broke into the hospital early today.

Dr. John D. Van Nuys, director of the hospital, said Miss Ozella Allen, 30, a maid, told him she encountered the assailant when she left her room after hearing a scream. She said the man was a negro.

Miss Green died of a fractured skull two hours after the attack. Miss Overdeer was also hit on the head. She is in a critical condition.

Dr. Van Nuys said the man broke into the hospital through a screened window.

From Miss Allen and from other persons in the hospital, Dr. Van Nuys said he pieced together this story of the attack on the two nurses:

The assailant broke through a screened window about 3:30 a. m. He encountered Miss Green and slugged her, apparently with a club.

Miss Overdeer found the injured nurse and was bending over to aid her when she too was slugged.

Miss Allen, hearing a scream, saw the assailant run down a corridor. The man fled into a room, then ran back into the corridor and finally escaped through the window by which he gained entrance.

Police summoned to the hospital, which is a part of the Indiana university medical center, began a roundup of suspects in a nearby negro district.

Dr. Van Nuys said the attack on the two nurses was "unprovoked." He added that although neither nurse had been raped "obviously the man had broken into the hospital for the sole purpose of attacking the girls."

The attack occurred in a corridor of the Indiana rotary convalescent home of the James Whitcomb Riley hospital for children operated in connection with the Long hospital and the Medical Center.

Miss Green, the daughter of Mrs. Ella May Green of Mt. Carmel, had come to Indianapolis from the Protestant Deaconess hospital at Evansville, Ind., to aid during the polio epidemic here.

Miss Allen described the attacker as about 27 years old, slightly over five feet tall and weighing about 135 pounds. She said he was wearing a blue sweater and a brown hat and had his face partially concealed with a white handkerchief.

Police were told that possibly three or four helpless children who are polio patients may have witnessed the attack.

Operators, Miners Discuss New Coal Agreements Today

Government Attempts to Get Rid of Its Mining Chores at Confab

Washington, Sept. 11—(AP)—John L. Lewis resumed negotiations with soft coal operators today without making any immediate new demands as a basis for returning the mines from government to private operation.

Lewis and his committee of 20 United Mine Workers leaders met for less than two hours with the negotiating committee of bituminous coal operators at the request of Adm. Ben Moreell, Federal Coal Mines Administrator.

Admiral Moreell offered a basis for reaching a private contract, patterned after but not identical with the government's contract which brought an end to the paralyzing 59-day strike last May 29.

Lewis told a news conference after the brief session that the miners were waiting for the operators to make an offer to replace the existing government agreement.

The UMW leader, in good humor, told reporters this does not preclude possible new demands.

CIO Farm Equipment Workers Hit Byrnes

Chicago, Sept. 11—(AP)—The executive board of the CIO United Farm Equipment & Metal Workers union today demanded the removal of Secretary of State James F. Byrnes "because he has become an instrumentality of domestic and worldwide reaction opposing the rise of democracy."

The union urged Byrnes' removal in a resolution adopted unanimously at the board's closing session of a four day meeting.

Polo Sub-Division May Be Answer For Housing Shortage

Civic League Backs Proposition to Supply New Homes

A public land sale scheduled for Sept. 28 in Polo may go a long way toward solving a severe housing problem in that community if the city's Civic league is successful in purchasing the four and a half acres of land to be offered for sale.

The Civic league, which functions as a chamber of commerce, has blueprints ready now, it is reported, for a project to establish a subdivision containing 24 lots, including sewer lines, street extensions, sidewalks, gas and electricity. And each lot in the project will be sold to war veterans at cost, which is estimated between \$375 and \$400.

The whole town is behind the plan. Cooperating with the league in the venture are the city council, Ogle county housing authority, American Legion and the Illinois Northern Utilities.

The league is prepared to spend as much as \$2,500 to get the property, it was revealed today, and the city has agreed to extend the streets and sewer lines into the subdivision, work which is estimated to cost \$5,000. The utility company will erect street lights and extend electrical and gas connections. The costs will be pro-rated and included in the purchase price of the lots.

The land was purchased by the

Meatless Week For Dixon Seems Sure; Shops Now Depleted

Government Action Blamed for Situation Which Is Nation Wide

Housewives of Dixon were faced with a meat famine today as limited stocks in local markets rapidly dwindled and with no prospect of being replenished for the balance of the week. Only cold cuts appeared in many display cases this morning and where a small supply of beef was found, the dealers indicated that their supply would be totally exhausted long before the time for closing this afternoon. There were no pork cuts offered to buyers in any of the Dixon markets.

Two of the larger downtown markets offered limited cuts of beef when the markets opened today. The supply, the dealers said, would be depleted long before the hour for closing this afternoon. The dealers stated that the new price control regulation which became effective yesterday was responsible for the situation.

Asked as to prospects for the immediate future, one dealer stated that the outlook was the worst that has confronted the purchasing public. He stated that no meat had been received from the packing houses in Dixon this week, except small orders of cold cuts and that none was in prospect.

Summing up the situation confronting housewives in Dixon, one dealer said:

"The meat supply will be exhausted in Dixon today and there is no indication of a new supply being received during the balance of the week. The meat situation is the worst now that has ever existed and there is no indication that it will improve. Under the new OPA regulation, we can only expect to receive very limited supplies of beef of a very poor quality, from grass fed animals only. The packers are making no deliveries in Dixon this week and there is no pork to be had. The limited amount of beef coming into Dixon is being received from small packing houses and this will not continue for many weeks."

Thinks Hirohito Should Make a World Round "So Sorry" Trip Then Quit

Tokyo, Sept. 11—(AP)—Tokuzo Takagi, wealthy Japanese vitamin manufacturer, proposed today:

"Fly Emperor Hirohito to the United States, Britain, Russia and China to call on President Truman, Prime Minister Atlee, Marshal Stalin and Generalissimo Chiang Kai-Shek and apologize for Japan for her part in World War II."

"Then, when he returns home—make him abdicate."

Takagi told the army newspaper, Stars and Stripes, he did not classify Hirohito as a war criminal but held him responsible for those on trial for war crimes.

Takagi hasn't yet presented his suggestion to the one man who has a say in the emperor's doings—General MacArthur.

Gen. Eisenhowers' Mother Died Very Suddenly at Home

Abilene, Kan., Sept. 11—(AP)—Mrs. Ida Stover Eisenhower, 81, mother of Gen. Dwight D. Eisenhower, died early today at her home.

Mrs. Eisenhower died unexpectedly about 3:15 a. m. after complaining of a pain in her stomach. Her housekeeper and companion, Mrs. Trula B. Robinson, said Mrs. Eisenhower woke up at about 3 a. m., asked for a glass of water, and then told Mrs. Robinson to "go back to bed. I'm all right."

Death was attributed to a heart attack. Mrs. Eisenhower, who had not been ill, had taken two automobile rides only yesterday.

Milton S. Eisenhower, president of Kansas State college, Manhattan, a son, arrived at 8 a. m., and took charge of arrangements for the funeral and burial.

He said General Eisenhower, now in Washington, was expected in Abilene tomorrow afternoon. He presumably will fly in an Army plane to Fort Riley and then drive here.

Private funeral services will be held at the home Friday afternoon. Burial will be in the Abilene cemetery. An Army chaplain from Fort Riley will conduct services at the graveside.

WILL LEAVE TONIGHT

Washington, Sept. 11—(AP)—Gen. Dwight D. Eisenhower will leave with Mrs. Eisenhower at 8 p. m., eastern standard time tonight for the family home at Abilene, Kan., where the general's mother died today. The chief of staff will be accompanied by his aide, Lt. Col. James Stack and others.

A reception at Fort Myer, Va., this afternoon in honor of Field Marshal Montgomery, guest of the Eisenhowers, will be held as scheduled, but General Eisenhower will not attend. Mrs. Eisenhower will receive and Lt. Gen. J. Lawton Collins, director of public information, will represent the war department. It was explained that the reception was considered an official war department function.

Mysterious Murder of Pretty Young Mother Is Puzzle to Police

St. Louis, Sept. 11—(AP)—Police searched for a motive today for the murder of Mrs. Irene England Elving, attractive 27-year-old divorcee and mother of two children, whose trussed and weighted body was found floating in the Mississippi river five days after she disappeared from her home.

Her body bore no marks of violence, but her legs and feet were bound by baling wire and two seven-pound sash weights were wired to her body. A coroner's jury returned an open verdict.

Mrs. Elving, who lived with her two small children at the home of her parents, Mr. and Mrs. Thomas F. England in nearby Washington Park, Ill., was last seen a week ago while returning home from Belleville, Ill. Her body was found Monday night in the Mississippi about 19 miles south of St. Louis.

Her parents told police their daughter was divorced last January from Howard Elving, a railroad switchman, after eight years marriage. He later remarried.

UNRRA Explains Rail Shipments to Tito's Government

Decision Made Early in July, Agency Says, Before Incident

Washington, Sept. 11—(AP)—Protests have been made—by longshoremen and congressmen—against sending steel rails as UNRRA relief to Yugoslavia.

The reason: Five American airmen in an American plane were shot down over Yugoslavia in mid-August, ten days after another plane had been forced to crash land. The longshoremen want "proper action" against Yugoslavia before it gets relief.

But UNRRA—the United Nations Relief and Rehabilitation Administration has approved shipping the rails to Marshal Tito's government. So has the state department which is demanding satisfaction for the shooting from the Yugoslavs.

Chinese Ports Jammed Here is UNRRA's explanation. The rails are worth about \$357,000. About \$100,000 worth already have been shipped.

They had been set aside for China, but on July 9 UNRRA decided not to send any more supplies there for a while, except food, because China's ports were jammed with freight.

UNRRA ordered the rails sent.

Arnold Benson Talks At Ogle Co. Farmers' Machine Demonstration

Directors of the Ogle County Soil Conservation district have arranged an interesting program for Thursday, Sept. 12 at the Boreman farm. Starting at 10:30 a. m., several machinery dealers will demonstrate various ways of preparing permanent pastures for reseeded. Prof. J. C. Hackleman will discuss pasture renovation. Fred Borne-man, owner of the farm, will explain his conservation system of farming. Hon. Arnold P. Benson, state director of agriculture, will speak at 1:30 p. m. Prizes will be awarded to contest winners following Benson's address. Lunch will be served on the farm by the Leaf River Grange.

AFL Enters Formal Plea for Revision of WSB Board Rule

Prospects for Ending Shipping Strike is Dark as Ever

Washington, Sept. 11—(AP)—The AFL today formally asked a reversal of the wage stabilization board's ruling that touched off the AFL maritime strike—but prospects of ending the vast shipping tie-up by board action appeared as dark as ever.

The six-man group met behind closed doors to debate the decision of its lifetime. As the members filed into the conference room, Walter Mason, AFL alternate member, substituting for Robert Watt, reiterated that he would immediately make a motion for reversal. No other member would comment.

The board had decided: 1. Whether to accede to union and ship owners' pressure and okay a higher-than-pattern pay boost, or 2. To stand by its August 23 ruling that AFL sailors must be content with the smaller raise won by CIO seamen.

W. Willard Wirtz, 34-year-old board chairman, said the decision may come today or tomorrow.

Might Reverse Ruling

If the board were to reverse its previous ruling AFL leaders would order their men back to work.

But there were no strong indications that the panel is ready to forsake its position.

CIO maritime leaders threw themselves suddenly into the rim of the spotlight meanwhile by calling a surprise meeting of the committee for maritime union (CMU) in Washington today. Co-chairmen Harry Bridges and Joe Curran were expected to preside.

CIO dominated, the CMU presents seven unions. It precipitated the strike crisis of last June which led to the wage increase pattern now in dispute.

The CMU is supporting the current AFL strike and demanding that the wage board approve higher pay, not only for the AFL, but for its members as well.

Today's meeting was billed as a strategy huddle on lagging contract negotiations involving two member unions as well as a general discussion of plans to meet "other problems that have arisen."

Had Raise in June

CIO seamen got a raise of \$17.50 a month in June, plus even larger benefits in the form of a additional overtime money. AFL seamen then were granted virtually the same terms by the ship operators, except that seamen got \$22.50 increase on the west coast and \$27.50 in the east.

On August 23 the stabilization board said no-go to this extra \$5 and \$10, holding that to exceed \$17.50 would seriously weaken the stabilization program. The AFL blasted the board bitterly, called its men out on strike.

If the board sticks by its position the strike will continue until someone gives in. And it that someone is the government, it could mean the smash-up of the stabilization board and important changes in wage-price control policy.

Cairn Terrier Gives Training Act at Meet

George Hesse, Rockford, directed the special demonstration at the Lincoln Obedience Training club meeting last night, when R. T. Allen, training instructor, put his trained Cairn terrier through an interesting demonstration of retrieving and hurdling.

Local dogs were also given a chance to try the hurdle, which will be a part of the local training. Off-the-leash instructions will be given by Allen at the next meeting, when plans for National Dog Week and other fall activities will be discussed.

Labor Union Heads May Call Stoppage Of All Union Work

Will Urge 24-Hour Work Stoppage if WSB Holds to First Decision

A 24-hour work stoppage by all American labor was urged today by the joint strike committee of the AFL seamen in the event that the Wage Stabilization Board should reject the union's wage demands.

Telegrams urging such a stoppage were sent to Philip Murray, president of the CIO, and William Green, president of the AFL.

The seamen, whose walkout has bottled up the nation's ports, also asked the two national union heads to withdraw their representatives from the WSB if it returned an unfavorable decision on the seamen's demands.

Max Korenblatt, chairman of the joint strike committee, said in New York the group met until early this morning, discussing and drafting the telegrams, which he said were approved by John Hawk, vice-president of the Seafarers International union.

Text of Telegram

Text of the telegrams asking for the work stoppage read: "Continued refusal by the Wage Stabilization Board to approve the increases secured by the SIU-SUP in free collective bargaining can only be regarded as an attack upon Labor's fundamental rights everywhere. We, therefore, urged that a 24-hour work stoppage be called by all American labor in the event the WSB does not reverse itself."

The telegrams asking for withdrawal of labor representatives from the WSB said:

"We urgently request that you withdraw the AFL (or CIO) representative from the wage stabilization board if that body refuses to approve wage increases secured by the SIU-SUP through free collective bargaining with employers. Further participation by labor members on such a board can only be interpreted as approval of a bureau which is depriving labor of its fundamental right as guaranteed by law."

Tugboats in New York harbor resumed towing barges carrying food and fuel for the city's 7,500,000 residents today for the first time since towboat union members struck Saturday in a sympathy move with the nation-wide strike of AFL seamen.

OK Tugboat Work

Permission to operate some of the 400 tugboats—manned by approximately 3,500 men—was granted last night by leaders of the striking AFL maritime unions.

As the greatest maritime strike in history tightened its grip on the national economy, the Wage Stabilization Board met in Washington (10:30 a. m., CDT) to debate behind closed doors whether to accede to union and ship owners' pressure and okay a higher-than-pattern pay boost, or stand by its August 23 ruling that AFL seamen must be content with the small raise won by CIO sailors.

W. Willard Wirtz, board chairman, said the decision may come today or tomorrow.

The announcement on the tugboat action came late last night after a conference of strike leaders.

Joseph P. Ray, president of the AFL international longshoremen's association, declared, however, that the action did not mean a general relaxation of strike policy and said continued operation of the harbor craft "hinges on future events."

Strike Lines Respected

The SIU and the SUP called the strike a week ago to protest the WSB's action in cutting back the raises to the \$17.50 hikes won by CIO seamen. The strikers' picket lines have been respected by other AFL unions and rival CIO unions, including the national maritime union.

Freight car loadings for seaports were banned at the outset of the strike by the Association of American Railroads, already struggling to relieve a shortage of about 100,000 cars a week.

The seaport bottleneck finally resulted in an order by postal authorities to withhold all mail with

Army Raids Bring Forth Millions in Hidden Nazi Riches

Frankfurt, Sept. 11—(AP)—Surprise raids throughout the American and British occupation zones of Germany have uncovered millions of dollars worth of precious stones and metals hidden by the nazis shortly before Germany surrendered, United States Army headquarters announced today.

The diamonds, gold, silver and platinum found in the raids were dispersed in hiding places by the nazi government agency "Reichsstelle Fuer Edelmetalle" (Reich Agency for Precious Metals) in an attempt to keep them from falling into allied hands.

A spokesman for the United States Army intelligence division said it was "conjectured but conceivable" that the board might have been designed to "uncover a resurgence of German Nationalist movements."

About \$2,500,000 worth of precious stones and metals were found in less than a fourth of the total number of places raided, the spokesman said.

A total of 367 different places were raided in the two zones, and the \$2,500,000 dollars yield came from the first 79 places to tabulate results.

The Army spokesman said the clue to the hiding places came from the typically German detailed records of the "Reich Agency for Precious Metals" which were found last June in Berlin.

Asked why the raids were confined to the British and American zones, he said: "The only records we found pertained to dispersals in those two zones."

The joint operation throughout the American and British zones and their two sectors in Berlin was supervised by a British-American staff set up in a temporary headquarters at Weisbaden in the American zone and was dubbed "operation sparkler."

Illinois Corn Crop Upped Half Billion Bushels by Forecast

National Survey Sees Biggest Farm Crops Of All Time This Year

Springfield, Ill., Sept. 11—(AP)—Illinois corn production prospects were jumped to 515,508,000 bushels today by the state federal agriculture departments, or 18,000,000 bushels more than forecast a month ago.

Soybean prospects, based on Sept. 1 conditions, were lowered by cool damp weather which interfered with podding. The new forecast placed the soybean crop at 69,338,000 bushels, compared with the Sept. 1 estimate of 72,542,000 bushels.

About 54 per cent of the corn crop will be safe from frost by Sept. 20 compared with the usual 67 per cent on that date, the report said. The bulk of the crop shows sturdy stalks and is well eared.

Favorable weather will be needed this month in northwestern sections, and in October in southeastern areas to mature late planted corn. Dry weather in August caused some decline in corn condition in north and northeastern counties.

Corn yields of 37 bushels per acre is the highest on record and compares with 46.5 bushels last year when the crop totaled 391,508,000 bushels.

Indicated soybean production of 69,338,000 bushels is 3,000,000 greater than the past five year average but 2,000,000 bushels fewer than the average for the last three years. Fifty-seven per cent of the crop is expected to be safe from frost by Sept. 20.

Other Illinois crop forecasts, with 1945 production in parentheses: winter wheat, 20,888,000 bushels (25,156,000); oats, 169,979,000 (158,102,000); spring wheat, 198,000,000 (200,000); potatoes, 2,660,000 (2,604,000); commercial apples, 3,943,000 (2,684,000); peaches, 1,232,000 (1,748,000); pears, 282,000 (276,000); tame hay, 3,602,000 tons (3,565,000).

SEE BIGGEST CROP

Washington, Sept. 11—(AP)—The biggest harvest in the nation's history is in prospect, although dry weather in August shaved 125,000,000 bushels off the anticipated record corn crop.

Reporting this in a September crop survey, the agriculture department said yesterday that grain supplies for livestock feeding will be the largest in 27 years.

And, unless foreign demands turn out to be larger than now indicated, it may be possible to increase the amounts of grain allotted for whisky making, department officials told

GLATTER FAMILY

Dr. and Mrs. Zoltan Glatter and son Tommy left Aug. 22 for a motor-vacation trip to the northeast, which included a stop at Shaan, Pa., to visit an aunt and cousin. Cant. Milton Sheppard, Niagara Falls was the next stop and at Toronto the family separated. Dr. Glatter and Tommy returned home stopping a few days in Windsor and Detroit where they visited the doctor's two brothers and their sons, who have recently returned from service overseas.

Mrs. Glatter took the steamer Kingston from Toronto, through the rapids on the St. Lawrence River, and from Montreal proceeded on the spacious S.S. St. Lawrence up to the far end of the Saguenay River to Bagotville. She stayed a few days in Quebec and was received by Madame Pouhot in her famous, ancient manor, a country house built in 1734 on the Isle Orleans. From Montreal she returned via Trans-Canada airline to Chicago.

Polo Airfield Opening Postponed Until Next Sunday; Big Day Ready

The formal opening of the Hamilton air field at Polo last Sunday was postponed because of weather conditions which prevailed early in the morning. Low ceiling and prospects for storm prompted the postponement at the last moment. However, later in the day, with the weather clearing, 22 planes arrived with several hundred spectators. The dedication ceremonies are now scheduled for next Sunday afternoon. At this time a B-17 Flying Fortress, is scheduled to be at the field. Bud Weaver of Polo, will fly to Hamilton field from Attus, Okla., and the bomber will be at the field for inspection. The air show is sponsored by Patrick Fegan post No. 83, American Legion and the net proceeds derived will be added to the Polo post building fund.

Two Duke Coaches Bow in Friday; Add To G.I. Flavoring of Local Athletics

There'll be a generous mixture of ex-G. I. flavoring on the Duke football menu Friday night when the locals open the new gridiron season against DePue here.

Included on the list of active gridirers who are likely to see action Friday night in the indolent are Lewis Jones, a back who's taking up his high school work again after serving in the armed forces, and Buck Fuller, a lineman, who also wears the discharge emblem.

Making their local debuts Friday will be two new additions to the coaching staff, both of whom are back from extensive military tours during the war. They are Lee Davidson, who is Marvin "Dutch" Winger's football assistant and will direct the basketball team this winter, and Wallace Coon, who is guiding the lightweight football team this fall and will also direct the sophomore cagers.

Davidson, who comes here from DeKalb where he served as assistant to George Dertinger at DeKalb high school, spent five years and two months in the army, flying P-38's around the South Pacific during part of his military career and being attached to the Provost Marshall's office as an intelligence officer. While in the Pacific Davidson was shot down over Port Moresby in 1943, but escaped capture and eventually rejoined American forces 7 days later.

Coon, who comes here from

LEE DAVIDSON

MARVIN WINGER

WALLACE COON

LaCrosse State Teachers college where he played varsity football, baseball and basketball, skippered a navy patrol boat, a sub chaser, during his 33 months of naval service, part of the time along the west coast, the remainder in the South Pacific.

Davidson, a native of Oklahoma and Texas, who came to Illinois in time to get his high school diploma at Waukegan, has had an active career in three major sports with more than usual success.

Besides his war activities, Davidson has found time in his young life to play football with the Kenosha Yellow Jackets, fight as a member of the Olympics boxing team against Europe's best, and play baseball with the San Antonio and Little Rock clubs of the class AA Texas league, the Milwaukee Brewers of the American Association, and the White Sox. He also played two years with Denver Gateways.

A quarterback on the football field, Davidson performed at second base on the diamond and carried on his boxing career as a lightweight and welterweight. He spent the summer managing the Great Falls, Montana, team in the Montana State league.

Coon, who studied at Wisconsin for his Master's degree, was a tailback in football and performed on the basketball court as a forward.

Under the new athletic alignment, headed by Athletic Director A. C. Bowers, Davidson replaces the veteran L. E. Shappe as basketball coach. He also is serving as Winger's football assistant.

Sharpe keeps freshman football and will aid with the Bowers track team.

Coon, as related above, will have charge of the sophomore football and basketball. Paul Hammersmith again guides the destinies of the Duke golfers and the tennis team.

Winger, whose efforts last season were practically killed when a polio wave struck the city and caused abandonment of practice, has set up new running formations, featuring quick-opening plays. He has added weight this season also, plus more experienced players than he could command last season. In all, he can almost rest assured of beating his season's record for last season, when his inexperienced, light squad brought in only one victory.

Brooklyn's Bullpen Gets Rest as Five Starters Go Route

Performance Rights the Staff for Big Series With Red Birds

(By The Associated Press) All's quiet in the Brooklyn bullpen where the over-worked relief artists have been squatting for a week, watching in wonder as five straight starters have gone the route.

Not since Sept. 3 when Kirby Higbe faltered in the eighth, against the Phils has Coach Chuck Dressen felt the urge to wig-wag for help. Hugh Casey, Art Herring, Hank Behrman and Ralph Branca must feel they have been on a seven-day vacation in the midst of the flag fight.

It couldn't happen at a more opportune time as far as Manager Leo Durocher is concerned for the scrappy Brook skipper has been trying to restore a semblance of order to his pitching staff with the all-important St. Louis series opening tomorrow.

Melton Hark Shoutout Rubie Melton's three-hit, 8-0 shutout over Cincinnati yesterday may have clinched him a day's work against St. Louis, because he beat Howie Pollet last time Red Birds were in town.

The Dodgers drove Ed Heusser from the hill in the second inning. St. Louis held tight to its two-game lead by mowing down the Phillies, 4-1, in a night game witnessed by 30,085 fans. Harry Brecheen, now finding his stride after a wobbly start, allowed only six hits in defeating Blk Donnelly, a former teammate on the 1944 World Series winners.

The Boston Braves took out at the third-place Chicago Cubs and hammered them into submission, 10-2. Johnny Sain's 17th victory left the Braves only 3 1/2 games behind the Bruins.

Gerhauser Beats Giants Pittsburgh took first blood in the cellar series with New York, dumping the Giants, 7-4, to leave them only four points removed from last place. Al Gerhauser's two-hit relief pitching job over the last 7 1/2 innings featured.

The Boston Red Sox had to postpone their pennant clinching celebration for at least one more day when they fell before Detroit, 9-1. A win over the Tigers today would give Boston its first flag since 1918.

Detroit took over second place by three points over New York when the Yankees were beaten at Cleveland, 4-2. The loss eliminated the Yanks last mathematical possibility of tying the Red Sox.

Two home runs by Gerry Friddy on successive at bats helped Washington down Chicago, 4-2, giving Marino Pieretti a decision in his first starting chore of the season. St. Louis kept alive its hopes of topping the second division by trimming Philadelphia, 5-1.

LaMotta Arrives for His Satterfield Match

Chicago, Sept. 11.—(AP)—Jake LaMotta, New York middleweight has finally arrived in Chicago for his 10 round fight tomorrow night against Robert Satterfield—but he was 48 hours late and disappointed observers when he failed to go through with a scheduled sparring drill with his brother, Joey.

Eggs Manske Stays at Maryland as Assistant

College Park, Md., Sept. 11.—(AP)—Eddie Manske, Northwestern University football product who played end two years for the Philadelphia Eagles and four years for the Chicago Bears, has agreed to remain at the University of Maryland as assistant coach for the remainder of the season.

Washington scored first after an 80-yard march with Al Coup-pee plowing the last eight yards. Green Bay tied the score on a 17-yard smash by Irv Comp and went ahead on a field goal.

With Baugh riding the bench, the Packers started running wild with Bob Nussbaumer galloping 46 yards for one touchdown and Comp lunging two yards for another. The Packers went scoreless in the second half until the closing minutes when they drove 69 yards for a final marker with Comp driving over from the one yard line.

AMERICAN ASSOCIATION (Semi-Final Playoffs) 12 innings: (Minneapolis) leads 1-0. Louisville 12, St. Paul 0. (Louisville leads, 1-0).

Miss Lois Fisher will be the speaker at this week's Kiwanis club meeting. Miss Fisher is a professional cartoonist, and was admitted to the meetings of the United Nations at Hunter college in New York during June, 1946. Her new lecture for Wednesday night will be devoted to the subject "Check Views of Today's News." In fifty minutes Miss Fisher draws 26 cartoon before the audience, talking while she draws. She traces man's development from the early caveman stage up to the present day, then gives a graphic portrayal of the United Nations, how it is organized, what are its aims, how it works. She makes quick caricatures of some of the outstanding personalities in world affairs today, just as she saw them in New York. She includes many funny incidents relating to her own experiences at the United Nations meetings. Her lecture is at once novel, entertaining, authentic and instructive.

On Tuesday evening, Oct. 1, Mr. and Mrs. Julian Gromer of Elgin will show their beautiful pictures of Cuba in the Brethren church under the auspices of the Ladies Aid Society of the church.

Friday evening, Sept. 13 the seniors of the local H. S. will entertain this year's freshmen in the high school gym. There will be initiation ceremonies and this will be followed by an evening of fun. This is an annual affair and the members of both freshmen and senior classes look forward to this evening of fellowship between the two classes.

All men of the Brethren church are invited to attend a supper Saturday evening, Sept. 14 at the church in the social rooms. There will be an election of men's work officers, an interesting address and a determination of the projects which the men desire to sponsor this year. All men of the church should be present.

Sept. 29 will be promotion day at the Brethren church. There will be a visiting speaker, Raymond

Wild Hoss
Chicago—(AP)—The driver stood up in his horse-drawn wagon, waving his whip and screaming: "Whoa Boss! Stop Joe! Whoa Smoky! Whoa Daisy! Whoa Pete! Stop, you wild horse!"

The wagon careened on two wheels between automobiles and pedestrians as the horse galloped along Elston avenue toward Milwaukee avenue. At Milwaukee the horse turned west, and the wagon went south.

As Joseph Kenia, the driver, surveyed the wreckage, a policeman asked "Why didn't you stop him?"

"I just rented the horse and I forgot to ask its name,"

Peters, general secretary of the Board of Christian Education of Elgin, will be present. On Saturday evening, Sept. 28 he will speak at a worker's conference. On Sunday morning, Sept. 29 he will be the guest speaker at the worship service and on Sunday evening he will address the Sunday school workers of four churches of Mt. Morris at the worker's banquet to be held at the Methodist church on that date. This advance notice is being given so the people of this community can plan to attend.

Harold Statler, son of Rev. and Mrs. Foster B. Statler left Monday morning for North Manchester, Ind., where he will enroll as a sophomore at the college there.

Mr. and Mrs. Chester Seng and daughter Vicky, Mr. and Mrs. Preston Kreider and daughters Silvia and Sandra, of Milledgeville were visiting friends around Mt. Morris Sunday afternoon.

At the recent meeting of the old Mt. Morris college missionary society of the Brethren church the following officers were elected for the coming year: President, Evan Kinsley; vice president, Floyd Miller, secretary, Mrs. Lulu Chambers; treasurer, Ira Rodefer; chorister, Mrs. Faith Henderson.

This society supports D. J. Lichty, missionary, and has for many years carried on this fine work.

The following is a list of the societies of the local H. S. and their sponsors:

No Joke
Chicago—(AP)—Shirley Hudson, 23, told Superior Judge Edwin A. Robson that her marriage to J. Clinton Hudson, 26, of Wheatland, Wyo., lasted eight days and was "just one practical joke after another."

After their marriage on July 13, 1945, she told Judge Robson, he tied her ankles to a bed sheet and hoisted her up toward the chandelier. When she objected, she said, Hudson told her she had no sense of humor and left her.

Judge Robson granted her a divorce.

Paris, Sept. 11—(AP)—A demand for a plebiscite in Venezia Giulia to determine the boundary between Yugoslavia and Italy was sent today to the president of the peace conference's political and territorial committee for Italy by Ivanoe Bonomi, head of the Italian delegation.

Foreign Briefs
Athens, Sept. 11—(AP)—Acting Premier Stylianos Gonatas hinted today that leaders of extreme left wing factions may face prosecution for their roles in the present "anarchy" in Greece.

His announcement followed an intensification of violence by left wing bands and the reported discovery by the military of a projected left wing plan for a separate state in Thessaly (the Aegean region surrounding Salonika). There was no official confirmation of this alleged plan, but right wing Athens newspapers published accounts of it.

Manila, Sept. 11—(AP)—Malacan police and the U. S. embassy announced in a joint statement today that the U. S. government has agreed to transfer to the Philippine government "practically all U. S. surplus property now in the islands."

The original procurement value of the surplus was reported to be \$630,000,000. The transfer was made for 21.4 per cent of the original value, the same figure established for surplus goods sold to China, the statement added.

Neither military equipment nor aircraft was included.

Yokohama, Sept. 11—(AP)—Enlisted men with 20 months' service as of Sept. 30 have been called to the fourth replacement depot for passage home. Half of them are to report tomorrow, half at a date to be announced later.

Tokyo, Sept. 11—(AP)—The Japanese kenpei tai (secret police) tortured British prisoners of war so horribly at Singapore that some were driven to suicide, British Col. Cyril New Dairymple Wild testified today at the international war crimes trial.

"One British civilian could stand it no longer and jumped out of a window," said Wild, who was a Japanese POW for four years after Singapore surrendered.

The offenses occurred at Outram Gaol in Singapore where, Wild said, 1,200 prisoners died on the Asiatic civilian side of the prison in the last 14 months of the war.

London, Sept. 11—(AP)—Neville George Cleveley Heath, former RAF pilot, today was ordered to trial Sept. 24 for the slaying of Mrs. Margery Gardner, 33-year-old movie extra and commercial artist, whose nude and mutilated body was found in a London hotel room last June.

The original procurement value of the surplus was reported to be \$630,000,000. The transfer was made for 21.4 per cent of the original value, the same figure established for surplus goods sold to China, the statement added.

Neither military equipment nor aircraft was included.

Yokohama, Sept. 11—(AP)—Enlisted men with 20 months' service as of Sept. 30 have been called to the fourth replacement depot for passage home. Half of them are to report tomorrow, half at a date to be announced later.

Tokyo, Sept. 11—(AP)—The Japanese kenpei tai (secret police) tortured British prisoners of war so horribly at Singapore that some were driven to suicide, British Col. Cyril New Dairymple Wild testified today at the international war crimes trial.

"One British civilian could stand it no longer and jumped out of a window," said Wild, who was a Japanese POW for four years after Singapore surrendered.

The offenses occurred at Outram Gaol in Singapore where, Wild said, 1,200 prisoners died on the Asiatic civilian side of the prison in the last 14 months of the war.

London, Sept. 11—(AP)—Neville George Cleveley Heath, former RAF pilot, today was ordered to trial Sept. 24 for the slaying of Mrs. Margery Gardner, 33-year-old movie extra and commercial artist, whose nude and mutilated body was found in a London hotel room last June.

Rome, Sept. 11—(AP)—Five flag-draped coffins bearing the remains of the American airmen shot down by Yugoslav fighters Aug. 19 left for the United States

Mr. and Mrs. Lowell Trottnow and Mr. and Mrs. Russell Group returned Sunday from a two week's vacation in Bruce, Wis.

Mr. and Mrs. Kenneth Sandrock were week end guests of Mr. and Mrs. Kenneth Hood at Woodstock, Ill.

Mr. and Mrs. Lloyd Group are driving a new Studebaker automobile they purchased recently.

Mrs. Don Edgington and small daughter, of Chicago, spent several days last week visiting in the E. L. Fish home and at the Harry Edgington home.

Rev. and Mrs. H. C. Montanus were business callers at Princeton and Ladd on Monday.

92nd Birthday
Mrs. Pauline Altenburg celebrated her 92nd birthday Monday, Sept. 9 at her home. Her son, Mr. and Mrs. Geo. Altenburg and her daughter, Mrs. Nettie Hardesty, all of Oregon, enjoyed a birthday dinner with her on Sunday.

Mr. and Mrs. Lloyd Blume will hold a public auction of household goods at their residence on Saturday, Sept. 14. They are moving into smaller living quarters until their new home is ready and must get rid of their surplus furniture.

Mr. and Mrs. Charles Tucker and son Mickey, of Chicago, were Sunday guests of Mr. and Mrs. Howard Biessecker. Mrs. Biessecker returned to Chicago with them for a short visit. While there she will visit at the home of Mr. and Mrs. Glenn Biessecker in Park Ridge. Glenn has just returned to his home from the hospital and is not as well as his friends would like to have him.

Returns From Vacation
Mr. and Mrs. Raymond Schafer and son LaVerle returned Friday evening from a ten-day motor trip through Yellowstone National park and other places in interest.

Mr. and Mrs. Warner Schier and son Gerald and two daughters Charlotte and Norma returned Saturday from a three week's vacation to the west coast. Places of interest were visited all along the way to Washington, Oregon, California and down to New Mexico.

Richmond, Calif. — (AP)—Three-year-old Wayne Glass watched wistfully as his older playmates climbed aboard a school bus yesterday and departed for school.

When the next bus came along, he followed them.

The lad was taken off a transcontinental (Greyhound) bus at Vallejo, 20 miles north-east of here.

Manila Ship Explosion Damages U. S. Vessel
Manila, Sept. 10.—(AP)—Fire smoldered aboard the United States line's freighter Star Knot for the third day today, after explosions early Sunday hurled a hatch cover skyward and stopped all engines.

Her master advised shore authorities, however, that the ship was in no immediate danger and that there had been no casualties.

Crewman, who left the ship after some 300 cylinders of acetylene and oxygen in a refrigeration hold exploded, later re-boarded her and evidently had succeeded in keeping flames under control.

The Star Knot, sailing from San Francisco last Oct. 29, had since been hauling army cargoes in the Southwest Pacific.

Houston, Tex.—(AP)—A 38-year-old Panamanian sailor an unwitting "stowaway" on the Samuel F. Dewing, was in Houston today trying to figure out what to tell his wife back in Christobal, Panama.

He said he reached Cristobal on the Dewing, went ashore for a "little party" before going home to his wife, returned to the ship for his papers, and went to sleep. When he woke up, he was bound for Houston.

His comment: "My wife, she will not think this so funny!"
